Diamond Black

A powerful acid based drain opener and descaler

DRAIN OPENER

DESCALER

A powerful sulphuric acid based drain opener that rapidly clears blockages of paper products and organic matter.

What is Diamond Black?

Diamond Black is a powerful blockage eliminator for use on all organic blockages.

Diamond Black eradicates all blockages resulting from organic matter including grease, hair, paper, sanitary items and cigarettes using a powerful acid based formulation.

Diamond Black can prevent the need to call out expensive drain rodding / jetting services.

How does Diamond Black work?

Diamond Black is twice the weight of water which enables it to drop through the water and locate a blockage quickly.

Diamond Black breaks down organic blockages very effectively clearing drains speedily.

Key features and benefits of Diamond Black.

- Eliminates organic blockages quickly and effectively
- Can be used on blockages resulting from grease, hair, soaps, cigarettes, tea bags, coffee grounds, feminine hygiene products, paper and more
- Can provide a cost effective alternative to calling out expensive drain clearing services
- Diamond Black is highly effective at removing lime scale deposits from most drainage systems.

How do you use Diamond Black?

Before use, it is important that you have read the Safety Data Sheet in its entirety and that you are wearing protective goggles and gloves.

Remove excess water from toilet, sink or drain. Pour Diamond Black directly and very slowly into the toilet, sink or drain.

After unblocking any drain with Diamond Black, make sure that you flush the drains thoroughly with copious water to clear away traces of Diamond Black and any residue.

Dosing Guidelines

For sinks, use up to ¼ litre of Diamond Black

For drains of 3" to 4", use up to 1 litre of Diamond Black.

For drains of 6", use up to 2 litres of Diamond Black.

Storage Guidelines

Do not store with any other corrosive chemicals or fluorides.

Store in a locked cupboard, away from heat and direct sunlight and between 0°C and 40°C.
