Ultimate Glass Cleaner

Streak free spotless windows, glass and mirrors -
Fast!

Powerful blend of specially selected biodegradable surfactants and solvents that clean quickly and efficiently to leave glass spotless.

What is Ultimate Glass Cleaner?

Ultimate Glass Cleaner is a liquid formulation using a naturally derived, polymeric surfactant which cleans without streaks or smears.

Formulated to have a low VOC content with a blend of highly specialised and selected biodegradable surfactants and water miscible solvents, it cleans quickly and efficiently.

The 1 litre trigger spray bottle delivers a mist of cleaner onto glass surfaces, which helps break down any stubborn residues quickly and does not overload the surface with wasted cleaner which can be difficult to wipe off.

The mist quickly evaporates so any overspray of the cleaner onto unwanted areas can be left to quickly disappear. It can be used to clean glass, mirrors, marble, stainless steel and other hard surfaces, whilst also being safe to use on plastics.

Ultimate Glass Cleaner is stable at all usage temperatures and conditions.

Key features and benefits of Ultimate Glass Cleaner

- Fast evaporation
- Simple, easy and quick to use.
- Overspray quickly evaporates away.
- Low VOC content - water miscible solvents.
- Biodegradable surfactants.
- Fantastic on glass, mirrors, marble and stainless steel.

How to get the best results

Use neat as supplied, spray onto a surface and wipe clean using a lint free cloth. We recommend Red Rag's Great White Wipes.

Health and Safety

Before use, it is important that the SDS is read in its entirety and any warnings noted before the product's use.
