

Multi Clean

A versatile cleaning agent

What is Multi Clean?

Multi Clean is a unique proprietary blend of alkaline cleaning agents with anti-bacterial properties, formulated to be practically odourless and non-staining.

How does Multi Clean work?

It's emulsifiers allow oils and greases to be removed without residue. It is water based, so it contains no hydrocarbons and produces neither fumes nor residue.

Where can Multi Clean be used?

You can use Multi Clean on most household surfaces. It's strong enough to degrease workshop floors and is effective on brake dust, petrol, oil spills and removing wax from surfaces to be painted.

Key Features and Benefits of Multi Clean

Easy to use – no rinsing required.

Highly concentrated so very economical.

Odourless – solvent free, so there are no fumes.

Safe – completely non-flammable and safe to use even near open flame.

Versatile – can be used with hard or soft water, and on nearly any hard surface.

Green – Multi Clean is completely biodegradable, and can be washed into drains.

Technical Information

Normal cleaning requires only a 50:1 mix ratio, or 20ml of Multi Clean per litre of water. Use a cloth, brush or mop to remove stubborn deposits or stains. Can safely be used at a 5:1 ratio for particularly difficult or heavy dirt deposits. Dry using a disposable cloth or wiper.

Health and Safety

Always ensure that precautionary measures found in the MSDS sheet for Multi Clean are read and followed before use and please ensure that appropriate PPE is used when preparing, mixing and applying products.
