

Foamseal Cleaner

The ultimate foam cleaning system

Fast and effective clean-up for Foamseal in a Can

What is Foamseal Cleaner?

Foamseal Cleaner is a ready to use cleaning aerosol that has been specifically formulated to clean and remove Foamseal in a Can deposits from working surfaces and the aerosol dispensing equipment.

Key Features and Benefits of Foamseal Cleaner

Convenient cleaning agent in a handy aerosol.

Ready to use – no mixing or handling of chemicals necessary.

Foamseal Cleaner can be used to clean the valves of the Foamseal in a Can and equipment, as well as uncured foam.

Instructions for Use

For best results, Foamseal Cleaner should be used within ten minutes of using Foamseal, before the curing process becomes advanced.

Shake the can before use. Attach the red spray nozzle onto the aerosol valve. Spray the cleaner towards the uncured foam. The foam will dissolve and can be wiped away with a cloth. When cleaning the foam dispensing nozzle and tube, continue spraying until all dissolved foam has been washed away.

Perform a prior compatibility test with all substrates as the cleaner is solvent based and may affect some materials adversely.

Health and Safety

Before use, it is important that you have read the Safety Data Sheet in its entirety and the appropriate PPE is worn during use.

Technical information	
Colour	Clear liquid
Packaging	500ml (net) aerosol
Shelf Life	24 months in unopened packaging, when stored as recommended
Storage	Store upright in a dry, cool place, at temperatures between +5°C and +25°C
Application Temperature	+5°C to 30°C
