Blue Jet Degreaser

Water rinseable heavy-duty degreaser

What is Blue Jet Degreaser?

Blue Jet Degreaser is a water emulsifiable formula, which means you have the power of a heavy duty degreaser that can be rinsed off with water. For use on substrates including engines, wiring, plastics, paintwork and concrete to remove the most ground in and stubborn grease and grime.

How does Blue Jet Degreaser work?

The unique formulation of Blue Jet Degreaser immediately gets to work on contact. Once Blue Jet Degreaser has been applied, it will start break down and loosen the grease and grime.

Product Information

Blue Jet Degreaser is available in a range of sizes to suit any need:

1 litre bottle - Ideal for building maintenance and smaller cleaning departments.

25 litre drums - For premises where constant degreasing takes place.

Key features and benefits of Blue Jet Degreaser

- The power of solvent based degreasing in a unique water rinseable formulation.
- Use on a range of areas including:
 - Paintwork
 - Metal
 - Plastics
 - Wiring or wiring insulation
- Concrete and other building substrates
- Ideal for automotive, industrial and engineering premises.

How to get the best results

Always ensure that precautionary measures found in the MSDS sheet for Blue Jet Degreaser are read and followed before use.

Spray or wipe the product onto the contaminated area, leave for a few minutes, then agitate with a brush, abrasive pad or pressure washer, rinse and leave to dry.
