Eliminator

Textile Cleaner

Quick and easy way to remove stains from natural and synthetic textiles

What is Eliminator?

Eliminator is a unique and powerful combination of wet and dry cleaning compounds and degreasers which remove spots and stains instantly. Eliminator works on both natural and synthetic carpeting/fabrics making it the ideal product for public and industrial spaces such as hotels, shops and hospitals. Use Eliminator for the fast and effective removal of a wide range of stains such as those caused by greasy, oily food and fizzy drinks as well as body fluids such as blood, urine and vomit.

How does Eliminator work?

The unique wet and dry cleaning compounds and degreasers immediately penetrate the carpet pile or fabric and start to remove the stain. Malodour counteractions remove any bad smells. Eliminator is 100% effective and residue free making it safe to use on all colour-fast fabrics and carpets. If unsure, do a spot test on an area out of sight first.

Product Information

Always ensure that precautionary measures found in the MSDS sheet for Eliminator are read and followed before use.

INDUSTRIALMAINTENANCEGROUP

Key features and benefits of Eliminator

- 100% effective on spots and stains.
- Unique formulation gives a deep clean.
- Ideal for use on colour-fast carpeting and fabrics including: wool, nylon, synthetics, blends and shag piles.
- Controls odour instantly.
- Freshens and brightens.
- Restores nap and texture.
- Leaves no residue.
- Use on grease, oil, mud, coffee, fizzy drinks, blood, urine and vomit.
- Perfect for use in hospitals, hotels, shops, schools, colleges and restaurants.

How to get the best results

Shake the can well and spray the foam onto the spill or stain, allow the foam to collapse into the stain and then rub the area with a clean dry cloth. Repeat if required.
