Maxisorb Wipes

Disposable dry wipes with unmatched absorbency

Dry wipers made from cellulose fibres, giving them incredible absorbency, and making them perfect for cleaning up any fluid messes.

What are Maxisorb Wipes?

Industry is full of fluids. Oils, greases, water, and other liquids are worked with in great volumes, every day across the world. With liquid comes the occasional need for a cleanup and drying, whether it's for keeping the place tidy or safe. When tackling spills, leaks, puddles or residue, you need best in class, which are Maxisorb Wipes.

How do Maxisorb Wipes work?

Maxisorb Wipes are a major advancement in cleaning and drying technology. The wipes fabric is a non-woven, double re-creped material, made of 100% bonded cellulose, which is both incredibly hydrophilic and perfect for heavy-duty wiping applications. Its soft texture is also perfect to avoid scratching or damaging any surfaces and allows it to be used on hands or tools too. Maxisorb wipes are the perfect general purpose absorbent wipes, that every workplace needs.

Features and Benefits:

- Cloth-like cellulose material.
- Incredible absorbance.
- No damage or scratching.
- Great for hands, tools and surfaces.
- Strong enough for reuse.
- Tear away convenient roll.
- Cost effective.
