

Integrated Management System Policy Statements

At The Industrial Maintenance Group Ltd:

We are dedicated to supply quality products that consistently meet all applicable legal and other compliance obligations through an integrated Quality, Health & Safety, and Environmental Management System reflecting the purpose and context of our organization. We shall ensure safe operations, pollution prevention, and continuous improvement and reduce the environmental impacts associated with our activities, products, and services.

We are committed to continual improvement by setting objectives and targets to enhance the performance of our activities whilst ensuring safe and healthy working conditions are maintained to prevent injury and ill health. This shall be continually reviewed for effectiveness by our audit and management review processes in accordance with the strategic business direction.

Our system is designed to promote an excellent service to our customers, eliminate hazards and reduce risk through consultation and participation with employees, customers, and stakeholders. We are committed to protect the environment, prevent pollution, avoid waste, recycle, monitor resource usage from a lifecycle perspective and shall monitor all human, mechanical, and material inputs in our activities.
